The Water's Edge Country Club

The Water's Edge is a luxurious development with more than seven hundred acres and thirteen miles of undisturbed coves and peninsulas. The Water's Edge is owned and operated by Willard Construction of Roanoke Valley, Inc., a privately owned corporation at Smith Mountain Lake, Virginia. The corporation is responsible for the development and construction of The Water's Edge community.

The Water's Edge has a driving range and pro shop for members' convenience. The golf pro supervises all golf facilities, and the Men's and Women's golf committees assist the pro with the planning of tournaments and golfing functions. The course was designed by one of the world's leading golf course architects, Mr. R.F. Loving, Jr. In 2007, the golf course was renovated tee to green. The design of R.F. Loving, Jr. was well respected by famed golf course architect Richard Mandell.

When you are not playing on the golf course, there is a wealth of other recreational facilities to take advantage of: four tennis courts, two ultra-cushion and two clay all-weather; swimming in the junior-size Olympic pool; equestrian center; exercising in the state-of-the-art fitness center; or dining at the Club. The clubhouse is full of country charm that offers a relaxed and varied social life for members.

The following rules and regulations for The Water's Edge Country Club were developed by the Directors of Willard Construction of Roanoke Valley, Inc.

Such rules and regulations are subject to amendment as the Board of Directors of The Water's Edge Country Club deems necessary.

The Club

The Water's Edge Country Club is owned and operated by Willard Construction of Roanoke Valley, Inc., hereinafter referred to as the "Club," consisting of its owners and property owners who pay necessary fees for the privilege of membership.

Officers of The Water's Edge – Willard Construction of Roanoke Valley, Inc., Board of Directors consist of a President, Vice President, Secretary, and Treasurer.

Purpose

The Club was established to provide social and recreational activities for members and their guests.

Authority

The Directors of Willard Construction of Roanoke Valley, Inc., have sole authority to plan and supervise the social and recreational activities for the members. The Directors of Willard Construction of Roanoke Valley, Inc., have the right to discontinue or refuse membership when there is due cause, i.e., members' misbehavior or failure to abide by the rules and regulations.

Qualification for Membership

One must be a property owner at The Water's Edge to qualify for membership. Application for membership must be made within thirty (30) days of the closing date of purchased property and include payment of the prevailing initiation fee and membership dues. New owners will have to show proof of ownership. There is a limit of one membership per property purchase.

If a property owner is not a member, there is no guarantee that membership will be available to a subsequent purchaser of property. If property is sold, club membership is not transferable. Initiation fees are not refundable.

All applications are subject to final approval of the Directors of Willard Construction of Roanoke Valley, Inc.

Active/Inactive Property

To be a member of The Water's Edge Country Club, one must own property within The Water's Edge Community.

Active property – property with an existing membership.

Inactive property – property without an existing membership.

If a member sells his/her property, their membership rights are terminated. The new purchaser may join the club for the lesser, active initiation fee, providing the buyer joins within thirty days of their closing date. After the thirty-day period, the property would become inactive. If property does not have an active membership, it would be considered inactive and the initiation fee for the new buyer would be at the higher inactive rate.

If a member sells his/her active property and purchases an active property within 30 days, then his/her membership may transfer without having to remit an initiation fee. The property they transferred from remains active, as long as their membership is kept current. If a member sells his/her active property and purchases an inactive property, the initiation fee would be at the higher inactive rate to transfer membership.

The initiation fee is waived for developer-owned property (Willard Construction), providing the purchaser joins the club within thirty (30) days after their closing date. If purchaser joins after the thirty-day period, the property is inactive and the initiation fee would be at the inactive rate.

If an active member in good standing purchases an additional active property, an additional initiation fee is not required. If they purchase an additional

property which is inactive and they wish to activate it, they must remit the higher inactive initiation fee.

In order to carry the foresighted budget of The Water's Edge Country Club, any property owner who owns or purchases more than three parcels of land within The Water's Edge Community will be responsible for carrying an additional dues-paying membership on each additional active parcel of land over three. If three or fewer active properties are simultaneously purchased, then only one initiation fee is required to be remitted in order to join the Club.

Young Adult Membership

Young adult children of property owners who are Club members may join temporarily until age 40. There are three divisions of membership. A youth membership is available for children under the age of 30, a young adult membership for children 30-34 years of age, and a legacy membership for children 35-40 who are third-generation members. This membership is temporary and will be canceled upon the applicant's or spouse's appropriate birthday or if property is purchased within the community, at which time a full membership will be activated.

All Young Adult members must maintain their membership for a minimum of one year. This membership is automatically canceled when the parents' membership is canceled due to the sale of their property or voluntary cancellation.

Annual Membership Period

The annual membership period is January 1 through December 31, with membership dues payable quarterly in advance. Membership dues are billed on December 31, March 31, June 30 and September 30. Regardless of billing date or date in which statement was received, membership dues must be received in the billing office by the first of the following months: February, May, August, and November.

An additional 10% service fee will be applied to those members who request monthly dues billing. If membership dues are billed monthly, payment must be received by the last day of the following month in which billed.

Billing

All membership fees, initiation fee, and charges must be paid in full prior to use of the facilities.

Members will be billed each month for club usage, and bills must be paid by the last day of the month in which the statement was received. Membership dues not paid in full within thirty (30) days of the statement date will result in the member's name being posted at the Club and will be subject to a \$50.00 late penalty each month dues are late. If membership dues are not paid within ninety (90) days from the billing date, membership will be terminated without further notice.

Food and golf division charges not paid in full by the last day of each month in which billed will result in a 1.5% service fee and the members' names being posted in the computer system. The member will be asked to pay on a cash basis until payment is made in full on the past-due amount.

If membership is terminated due to nonpayment of dues and the property owner wishes to reinstate their membership to the Club, they will be subject to the active initiation fee plus membership dues at the prevailing rate for the period from termination to reinstatement. To apply for reinstatement, the applicant must be a property owner. No waiver of this rule will be granted.

Voluntary Resignation

A member who wishes to cancel his/her membership must submit a letter of resignation to the accounting office, which will be effective as of the date received in the office. Verbal notification of resignation is not accepted.

If a member voluntarily terminates membership and wishes to reinstate, they will be subject to the active initiation fee plus membership dues at the prevailing rate from termination to reinstatement. To apply for reinstatement, the applicant must be a property owner. No waiver of this rule will be granted.

Medical Inactive Status

A member who is disabled by reason of sickness or injury for at least six (6) months may be placed on medical status with Board approval. All requests for medical status shall be accompanied by a written request and a medical report.

All Class I, II, and III members will be reclassified as a Class V or VI. The one-year minimum requirement for class changes will be waived. In addition, to-go food may count toward your food minimum for a maximum of three (3) months. Membership will be automatically reinstated upon expiration. If an extension is requested, you must notify the accounting office in writing.

Class IV members may be placed in inactive status for a maximum of three (3) months with Board approval. Class IV members classified as medical inactive may not use the club facilities during that time. If he/she wishes to reactivate membership before the expiration, they must notify the accounting office in writing with the reinstatement date.

Reclassification of Membership

A member may request to reclassify membership by sending a written request to the accounting office, which will be effective the date received. Once a member reclassifies their membership, they may request that their membership change back to the previous classification after a minimum period of one year. If a member wishes to change their membership back prior to the one-year period, they must pay back dues in order to be reclassified.

Separation or Divorce

In the event of a separation or divorce of members in good standing, both parties may retain membership until settlement. A separate account for each party may be established. The party that retains ownership of the property at settlement may remain a member, and the other party's membership will be terminated. All requests and changes to membership must be in writing to the accounting office.

Marriage or Remarriage

If a member marries or remarries, he or she should notify the accounting office to update account information. Appropriate dues shall be charged.

Non-Married Couples

If a member cohabits (shares the same household) and wishes for the other party to utilize the club facilities more than the allotted guest usage, the member must submit a written request to the accounting office. The member will be subject to reclassifying membership if necessary and will be charged appropriate dues. The member will be responsible for all charges incurred by the other party.

Exhibit H – Monthly Food Service Minimum & Meals Tax

Monthly Food Minimums	
Class I	\$70.00
Class II	\$50.00
Class III	\$50.00
Class V	\$70.00
Class VI	\$50.00
Class VII	\$50.00/\$70.00

There is a monthly food minimum for food consumed on the premises. This amount is set according to each classification as noted above and coincides with your membership classification. The minimum represents the amount budgeted for individuals to spend each month on food and beverages. If this amount is spent, the minimum is met and charges are posted to your statement. If a member does not go to the dining room or spends less than the minimum for a given month, the member will be billed the difference to meet the minimum.

Food and beverage consumed at the Snack Shack and all non-alcoholic beverages purchased at any club event DO count toward the minimum, as do all meals consumed in the dining room and grille. The minimum excludes sales tax, meals tax, and gratuity. Tournament functions, special events, alcoholic beverages, and to-go orders do not count toward fulfilling monthly minimums. Meals consumed at The Waterfront Country Club do not count toward fulfilling monthly minimums.

The monthly food minimum is intended to encourage use of the club, food turnover and to allow the club to remain open during the off-season. Special events are “valued-added” events offered only to members of The Water’s Edge Country Club and their guests and are designed and priced to encourage member usage of the club and not designed primarily as money-making events.

The following is a brief explanation of what constitutes a special event and also a list of those events that do not apply to the monthly food and beverage minimum. Special events include: New Year’s Eve, Easter, Mother’s Day, Father’s Day, Thanksgiving and all golf-related outings (Member-Guest, nine-holer luncheons, glow ball, invitationals, etc.). In addition, to-go orders and alcoholic beverages do not count toward the minimum. Also, any private functions (weddings, business meetings, etc.) that necessitate catering requirements and special menus do not count.

The food minimum may be waived if you are outside of your membership classification for a minimum of two consecutive months with a maximum of four consecutive months. This rule will only apply to times outside the

main golf and recreational season. All requests must be made in writing to the accounting office and should include dates that you are requesting a food waiver. If you have any questions, please contact the club accounts manager.

Meals purchased with credit cards will not count toward the monthly food minimum.

The monthly minimum for the food service is subject to change under the advisement of the Board of Directors of Willard Construction of Roanoke Valley, Inc.

A meals tax was established by a Franklin County ordinance in June 1992 that levied purchases of all prepared food and beverage. An automatic 9.3% is charged (includes 5.3% Virginia sales tax and 4% food tax by Franklin County) for dining room, Snack Shack, and to-go orders. Gratuity is not subject to this tax. Snack items such as chips, nabs, and ice creams, etc., are meals tax exempt and are only charged the 5.3% Virginia sales tax.

Gratuity is 15%; this is automatically added to the transaction. Gratuity provides salaries for Club personnel which are well above the minimum waitress/ waiter hourly fee; therefore, tipping is not necessary.

An Employee Christmas fund is established each year for the members who wish to contribute to the Club's staff.
